Alpha Mu, the oldest sorority on the campus, celebrates its twenty-first anniversary this year. The sorority was founded on the mythology of the Greek Muses.

The annual Fashion Tea for all women students of the college marked the opening of social activities in the fall. The members of the sorority and their sponsor, Stella Cooksey, spent the Thanksgiving holidays at the Netherlands Plaza Hotel in Cincinnati.

The first semester Rush Party was a Plantation Party. The ten new pledges were then honored at a Christmas Party. Rushees for the second semester were entertained with a Gypsy Party and a short time later, the sorority members were hostesses at a dinner at Wren's Nest. The mothers of the members were guests of honor at a Mother-Daughter Banquet at the Daniel Boone Hotel in May.

Weekly luncheons were held throughout the second semester at McKee's.

Alpha Mu Sorority lists among its members, three students elected to Who's Who Among Students in American Universities and Colleges, the co-editors of the Comet, the president of the Panhellenic Council, the president of Epsilon Sigma Chapter of Chi Beta Phi, one member of the Student Council and the vice-presidents of the freshman and sophomore classes. Three of the sisters took part in the May Day Festival.

Second semester pledges are: Phyllis Jimison, Betty Jane Lilly, Abbie Van Deuren, and Dorothy Zygello.

Only national sorority on the campus, Sigma Iota Chi has a small but compact group of girls with a strong group spirit. Originally established as an honor sorority in Alexandria, Louisiana, in 1903, the group became a social organization, though still maintaining high scholastic requirements and stressing scholastic achievement.

1946 was convention year at St. Louis, Missouri. Mrs. Bott was named Grand Worthy Matron.

Social activities of the year included a dance with the Phi Sigs at the Boat Club and the annual spring formal.

The Phi Kappa Sigma Sorority was founded in 1928 on the campus at Barboursville. Its purpose is to promote various social activities among the students. Each year a "Twilight Tea," "Howdy Day," a "Bowery Ball," and a Spring Formal are held.

Among its members are the Student Body president, three members of the May Court, one member listed in *Who's Who Among American Colleges and Universities* (1945-46), one of the five Harveyan beauties, the vice-president of the Panhellenic Council and a representative on the Comet and Harveyan staffs.

A dinner was given in February at the New China restaurant honoring two members, Christine Williams Clark and Betty Byrd, who were presented with wedding gifts by the sorority.

Second semester rushing was in the form of a western roundup.

Phi Lambda Tau is well represented in school activities. From its members have come the 1946 Morris Harvey May Queen and four of her attendants; one of the five most beautiful girls on the campus, as chosen by popular vote of the students; and four of the five members of Eta Chi Delta, new honor society of M-H super-brains. The sorority also boasts two members in Chi Beta Phi, national honorary scientific fraternity, and three members in Who's Who in American Colleges and Universities.

Betty Robson was awarded the D. A. R. Scholarship and Fayelda Brua received the President's Scholarship.

A formal dinner was given in honor of the May Queen and her attendants, May 16th.

On September 10, 1945, weary members of Morris Harvey's largest sorority trudged happily back to the old gray walls, having almost recovered from that slumber party at Betty Robson's two weeks before. Getting back into the swing of scholastic events, the Phi Lams entertained approximately 160 guests at their annual tea.

For their December rushees, the Phi Lambda Taus held a bobby sox party at the home of an alumna member, Elaine Moser. President Mary Jean Groscup administered the pledge to twelve girls in a service at the home of Mrs. Faye Baker, an honorary member of the sorority. Pledges received their rough and formal initiation at the home of Bette Ireland early in the second semester.

The Beta Chapter of the Phi Sigma Phi was formed on the Barboursville campus of Morris Harvey College on November 12, 1929. Character, Scholarship and Leadership is the motto of the fraternity and green and white are the colors. The Cape Jasmine is the flower.

This year was led off with a "Smoker" for all male students of Morris Harvey at the Daniel Boone Hotel, September 30. Several hamburger frys and parties have been given for the Brothers and their dates besides the rush parties.

One feature of this year's activities was a trip to Concord by the actives, where, following the basketball game, we and the members of the basketball team were entertained by our Brothers of the Alpha Chapter of Phi Sigma Phi.

A dance was given for the actives, alumni of the fraternity and new veterans at the Charleston Boat Club in cooperation with the Sigma Iota Chi Sorority.

The annual Spring Formal for all actives and alumni was given at the Kanawha Country Club and a good time was had by all.

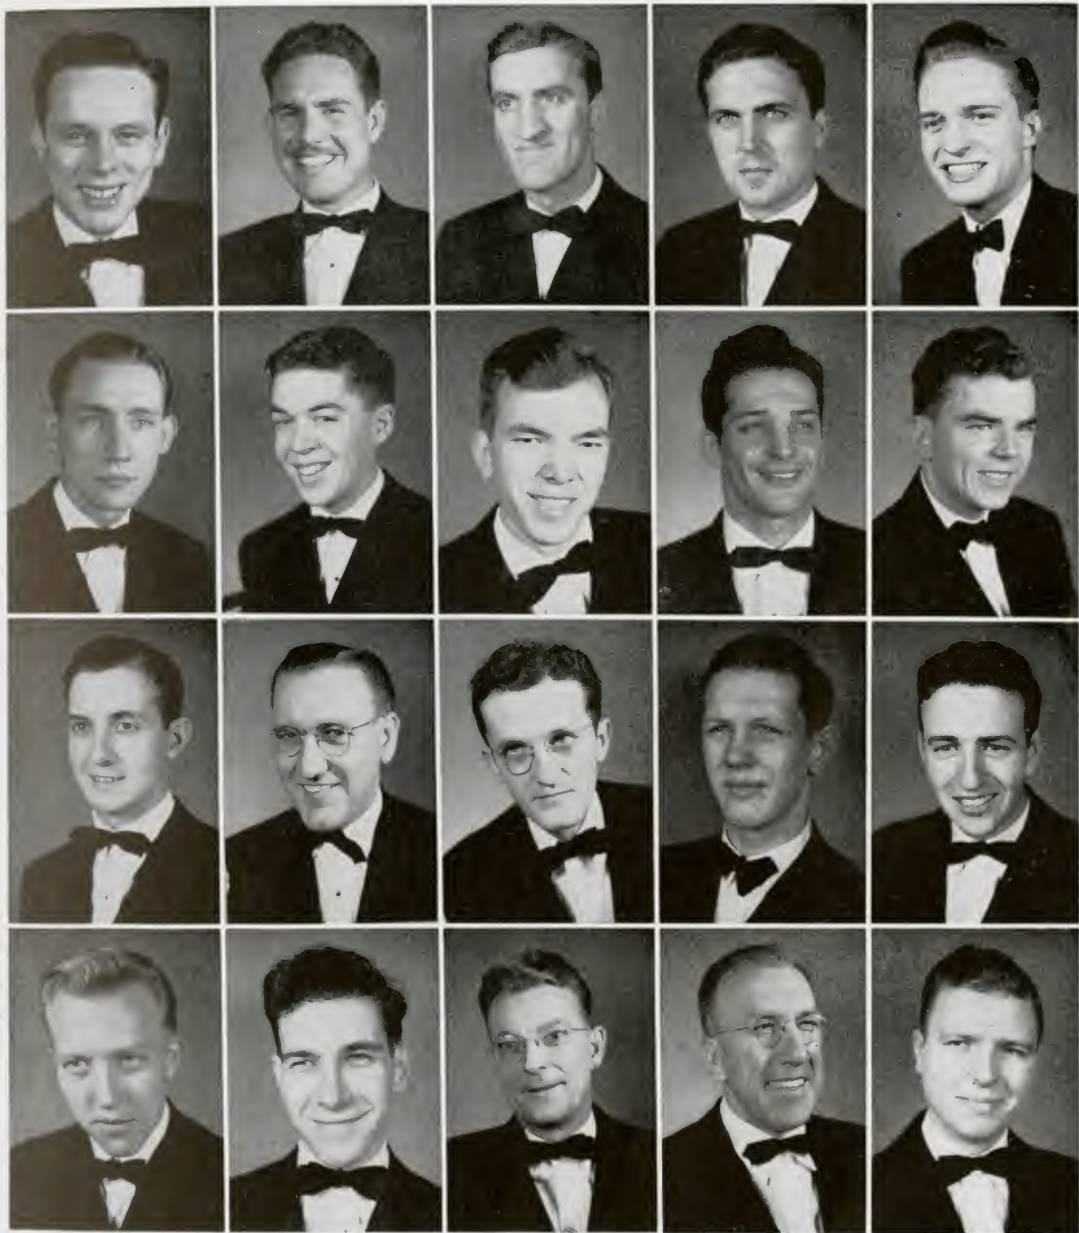

We were very sorry to lose Gene Pettit, Bob Campbell and Charles Husson to the Armed Forces, but we are glad to welcome back from the services former Brothers who have returned to continue their education.

On March 14, 1923, six students of Morris Harvey met and formed a social club, out of which grew the present Zeta Kappa social fraternity. The organization is the oldest Greek letter group on the campus.

Regular meetings of the fraternity are held each week, and special social functions are held at intervals during the school year, climaxed by the annual formal in the spring.

BETTY REPASS, Sweetheart

Zeta Kappa has permanent possession of the Eisen-smith Trophy for entering the best float in the Home-coming Parade for three successive years. The annual smokers were continued as features of rushing activities.

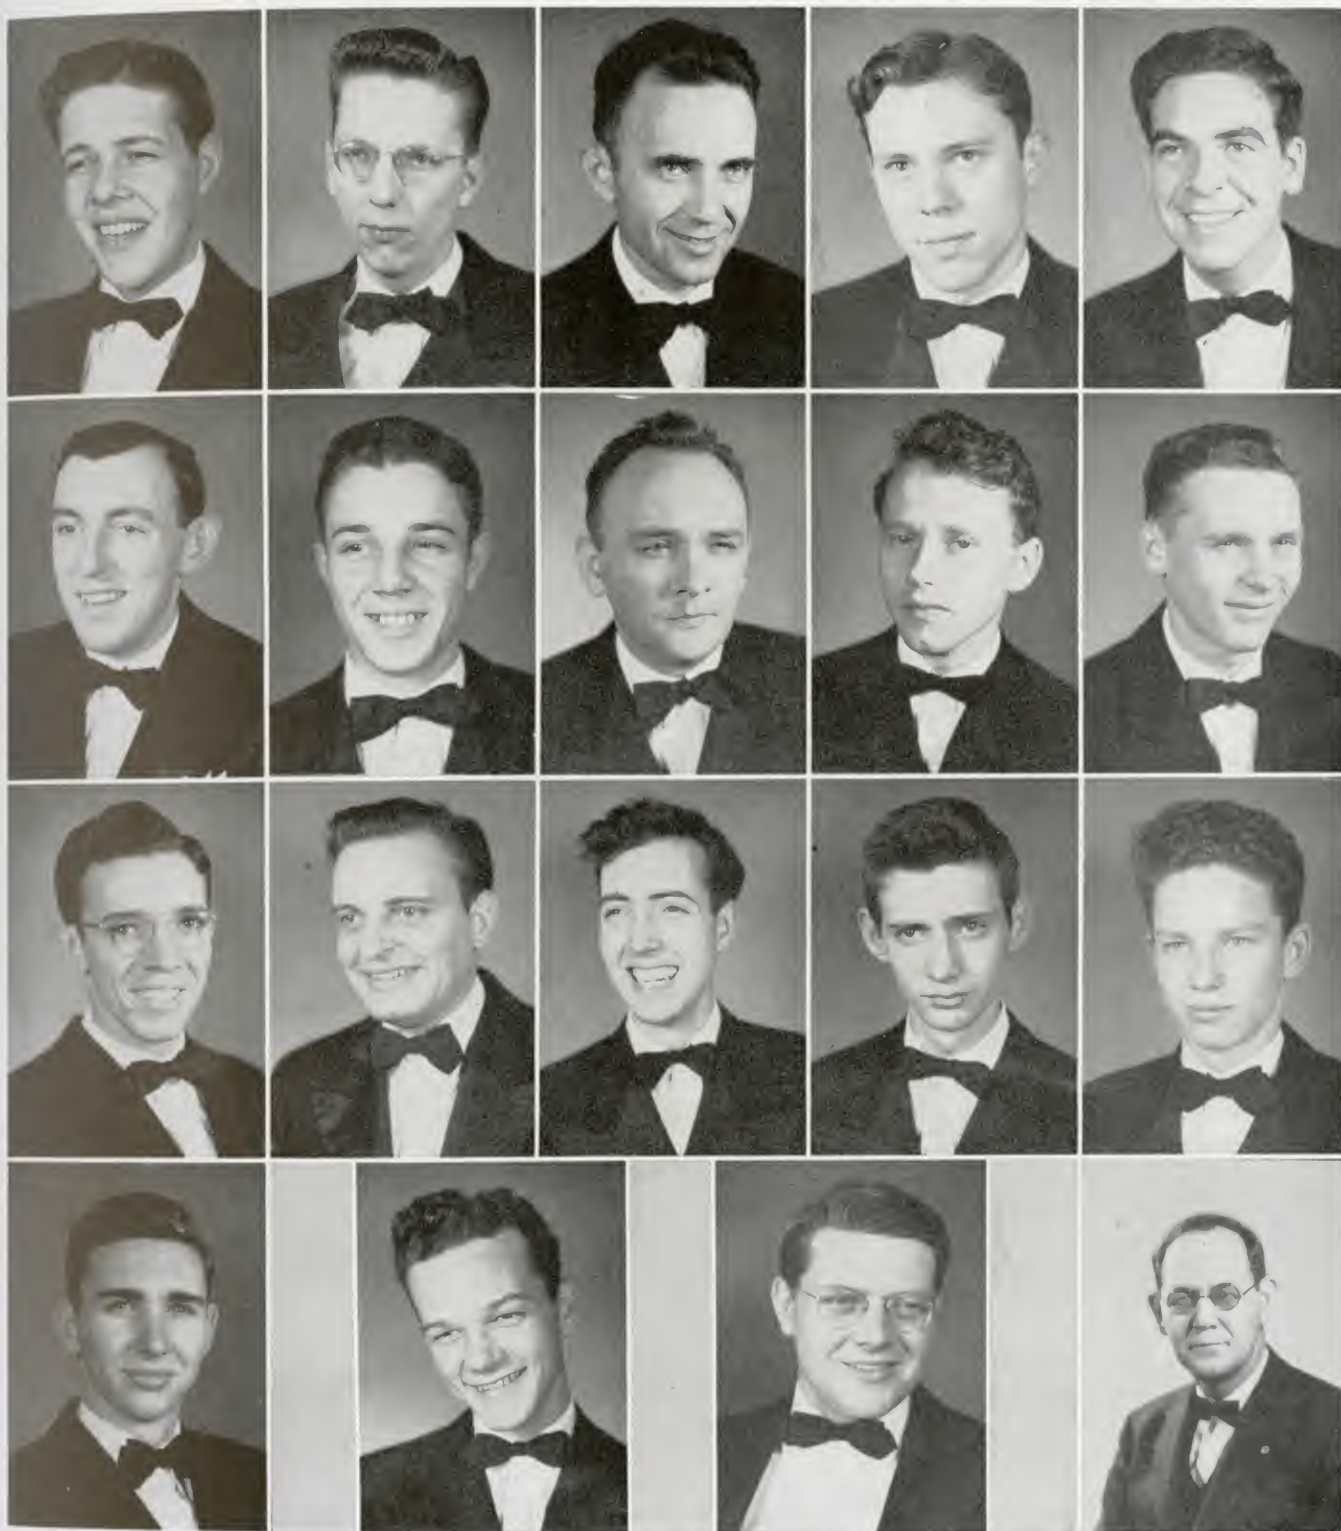

Eleven new members were formally initiated on February 10 and the fraternity was further enlarged with the return of several ZK's from military service. Five members of the fraternity served on the Student Council this year.

On March 14, Zeta Kappa observed its twenty-third birthday with a birthday ball. A huge cake iced in orange and black, the fraternity colors, was served at the dance.

Each year, fraternity members elect a M-H co-ed to be the "Sweetheart of Zeta Kappa." Miss Betty Repass received the honor this year.

Typical Freshmen

ANNE KESSLER

PAT MCKISIC

Each year the Student Council selects two freshmen whom it believes to be representative of the class as a whole. The winners this year are Anne Kessler and Pat McKisic. Anne, an Alpha Mu, has been active in Blackfriars. Pat, a member of Zeta Kappa, appeared in the Blackfriars' play, "Squaring the Circle," and was elected to serve next year as sergeant-at-arms of the student body. The two were presented with identification bracelets by the Student Council.

The Kriegie Club, founded February, 1946, is one of the newest organizations on the campus. Its members are former prisoners of war. The word Kriegie was adopted from the German word Kriegsgefangenen, which means prisoners of war. As yet the club has no members who were prisoners of the Japanese. All the members of the club are freshmen.

The club is based on fraternal principles and the preamble of the constitution states the functions of the club:

"We, the men of the Kriegie Club, in order to develop an interest in, and promote an understanding of, the principles of good fellowship; to inspire, educate, teach and train men to do their best to uphold the principles for which we fought and suffered; to maintain steadfastness of purposes and ideals and to cooperate with the faculty of Morris Harvey College in the promotion of these axioms."

Morris Harvey's ex-GI's recently organized the Morris Harvey Veterans' Club, the newest organization on the campus. One of the first clubs of its kind in the state, the Veterans' Club already tops all other student organizations in membership. The club has a dual purpose. It is a social club as well as a clearing house to provide information and legal and counselatory assistance. Recognizing the acute need for extra tutorial assistance for the student-veterans, the Veterans' Club and a faculty committee co-sponsored an educational survey of the student body, in order to provide groundwork for a program of extra instructional assistance for every veteran. On the social side of the calendar, the Veterans' Club inaugural dance held at Kears Hall early in April was one of the outstanding social events of the spring season. Similar social gatherings will be held every six weeks for the benefit of the ex-GI's.

at
Kearse Hall.

Organized primarily to meet the social and informational needs of the ex-GI's on the campus, the Morris Harvey Veterans' Club does not neglect the many problems of college life for the returning servicemen. The Veteran, returning to school from several years in the Armed Services is the victim of a loss of facility in college work. This must be remedied, study habits re-established, and basic concepts of particular subjects reviewed. These problems are being studied and solved by close cooperation between the Veterans' organization and the college faculty. As other problems are brought up by members, they will be studied and solutions suggested.

MIGHTY MONARCHS OF CIVILIZATION

The average person seldom thinks of the vital relationship between our School System and a Gas Company. . . . In reality, natural gas is one of Education's staunchest pillars, especially in West Virginia. . . . Of the hundreds of thousands of dollars spent annually by Gas Companies for improvements, expansion, taxes, rentals, pay roll, etc., a major portion goes toward education of the youth of the state. . . . And, so the Schools and the Men in the Gas Fields both are contributing generously to the progress of the State. . . . Both are Mighty Monarchs of Civilization.

Money deposited in savings banks and invested in insurance is put to work. Some of it almost certainly will be invested in electric utility securities. Banks prefer these securities because sound *business* management has made them a dependable investment—as dependable as electric service itself.

Practically *every* American has a stake in the electric industry, —millions as direct stockholders, other millions as savings bank depositors and life insurance owners.

This is the American economic system. It's called *capitalism*. It's a good system. It's helped to make America great. And it will continue to open doors of opportunity for all,—young and old.
